VALDA

One window, two ways to open.

System

Tilt and turn · MasterLine 8 · Reynaers

How it works

One handle, two positions.

/01 **Tilt**

The top of the sash leans in. Secure ventilation, even in the rain.

/02 **Turn**

The sash swings fully open, like a door. Easy to clean from inside.

/03 **Closed**

Multi-point locking pulls the sash tight against the gaskets.

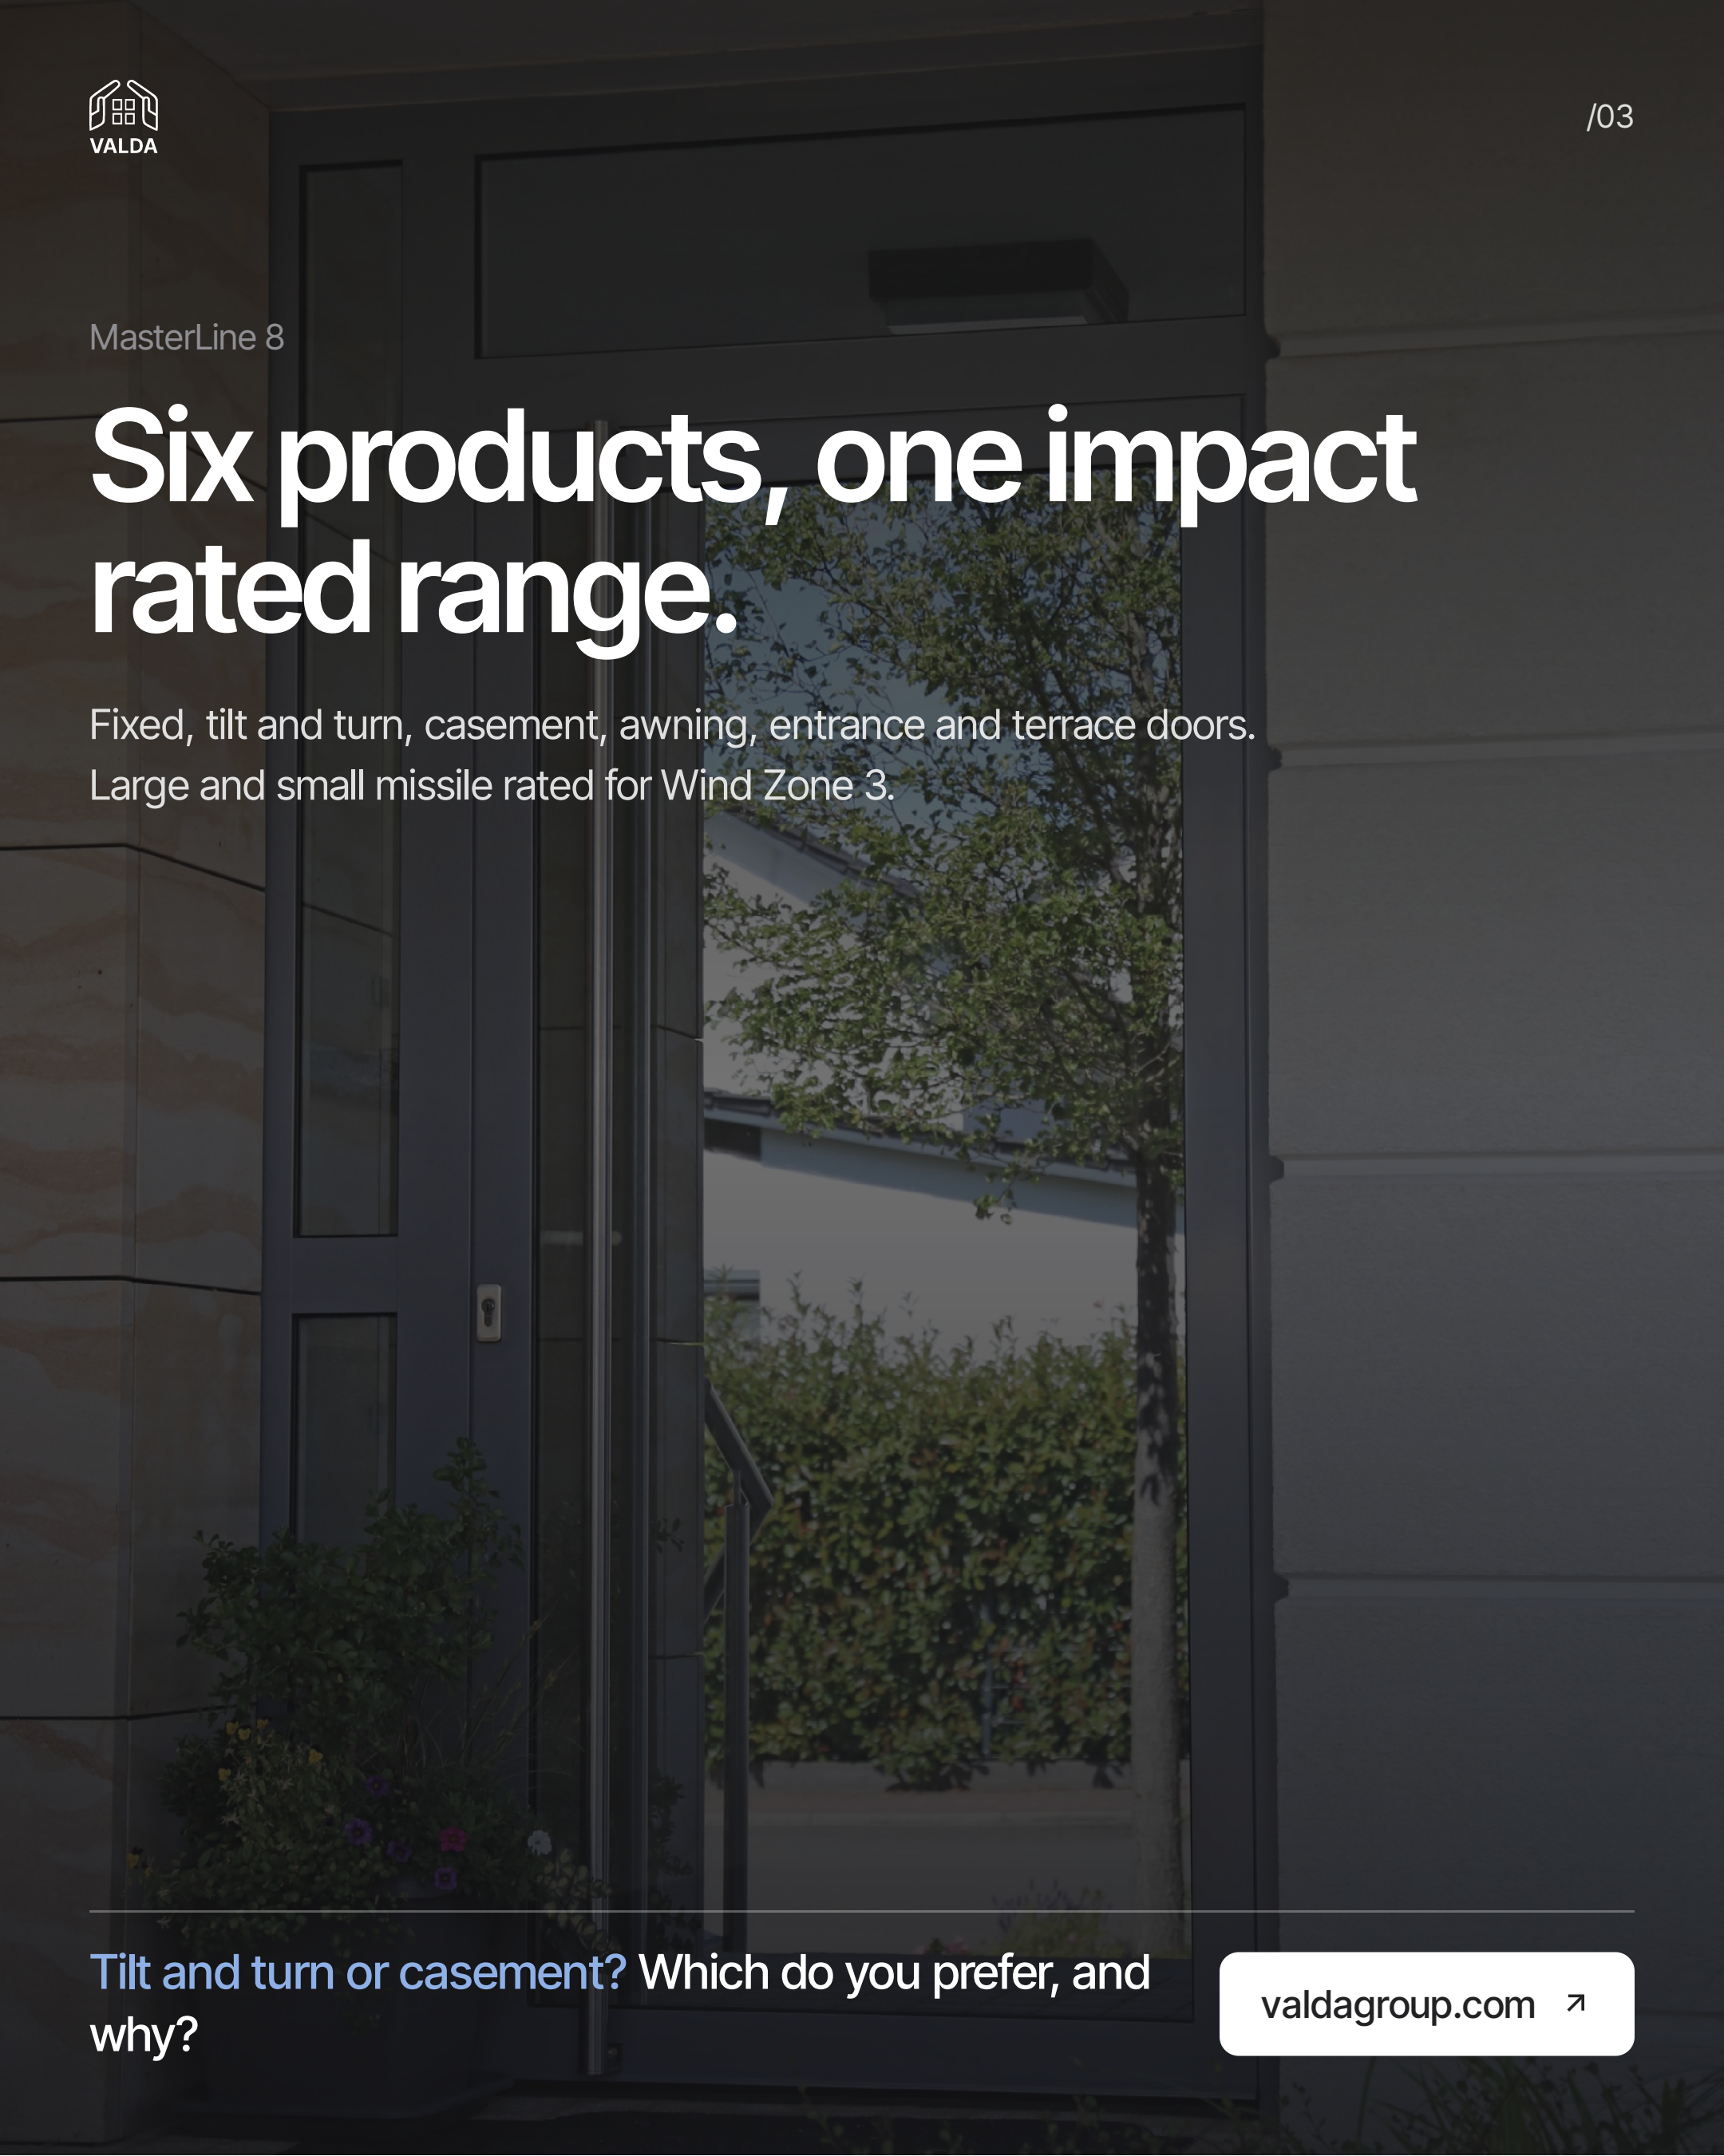

MasterLine 8 · acoustic

STC 50

MasterLine 8

Six products, one impact rated range.

Fixed, tilt and turn, casement, awning, entrance and terrace doors.
Large and small missile rated for Wind Zone 3.

Tilt and turn or casement? Which do you prefer, and why?
