VALDA

Behind the scenes

From Bulgaria to the USA.

How a VALDA window gets from our factory to your site.

5 steps

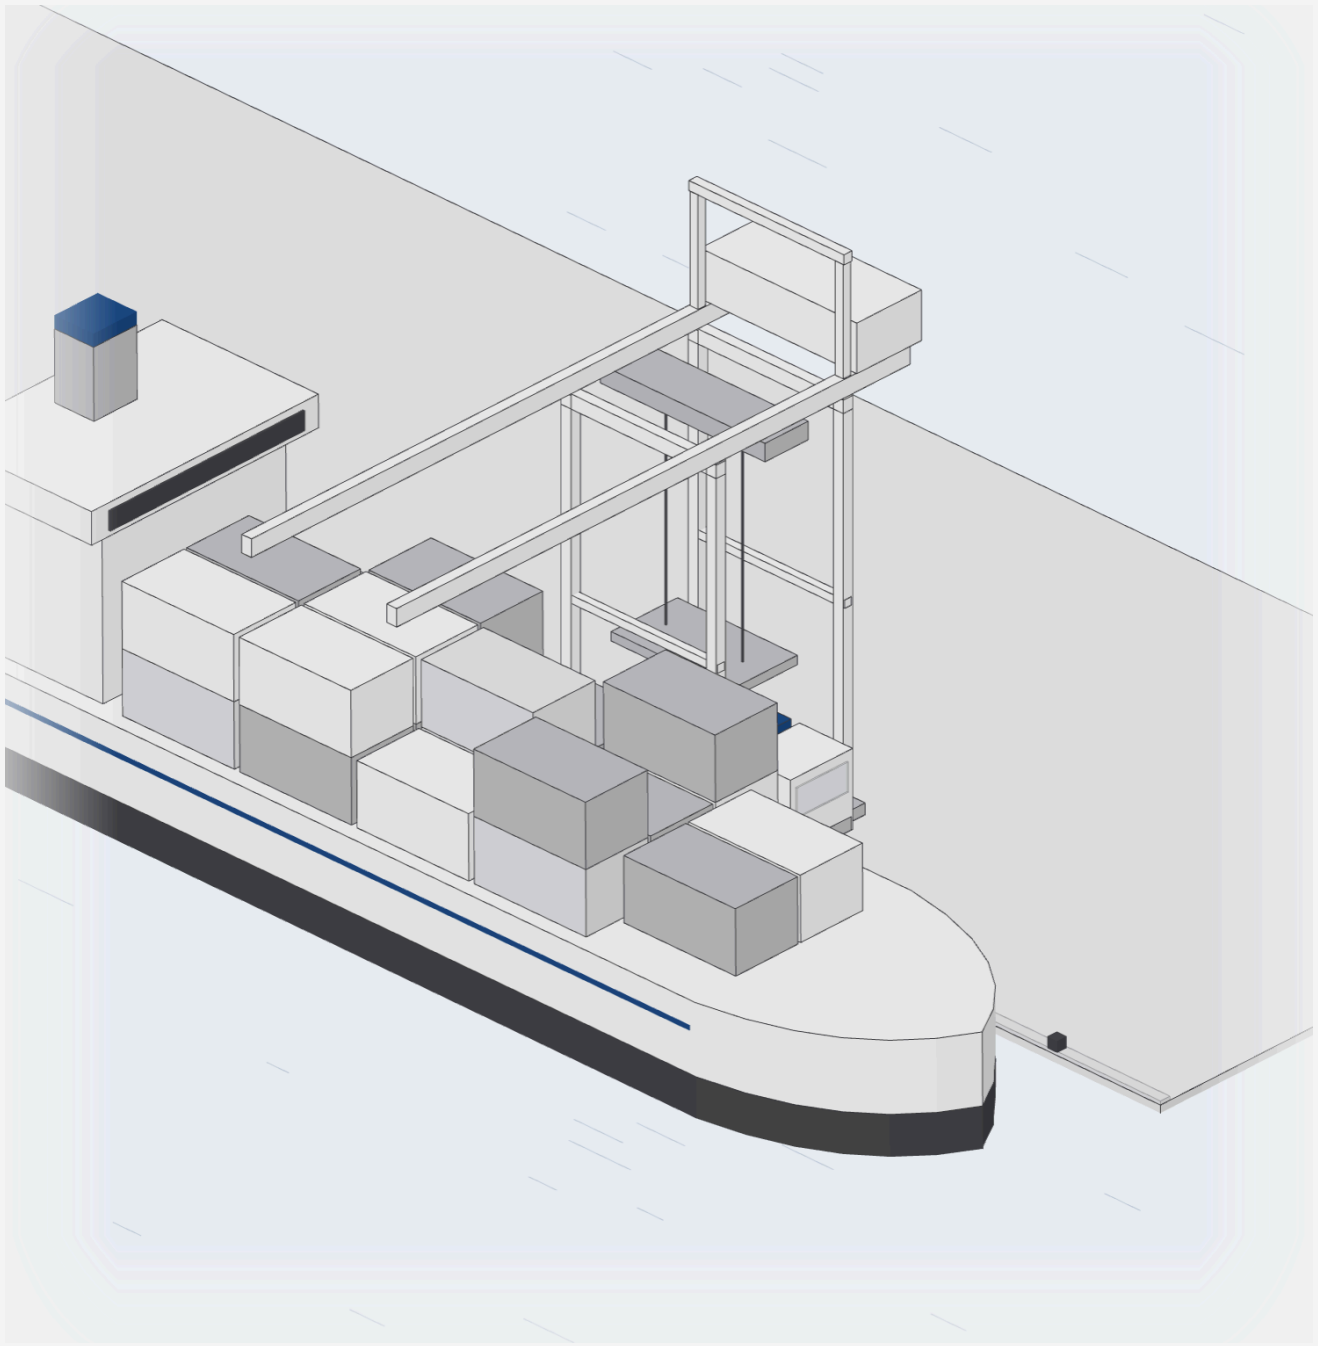

Swipe →

Sofia, Bulgaria

Manufactured in Bulgaria

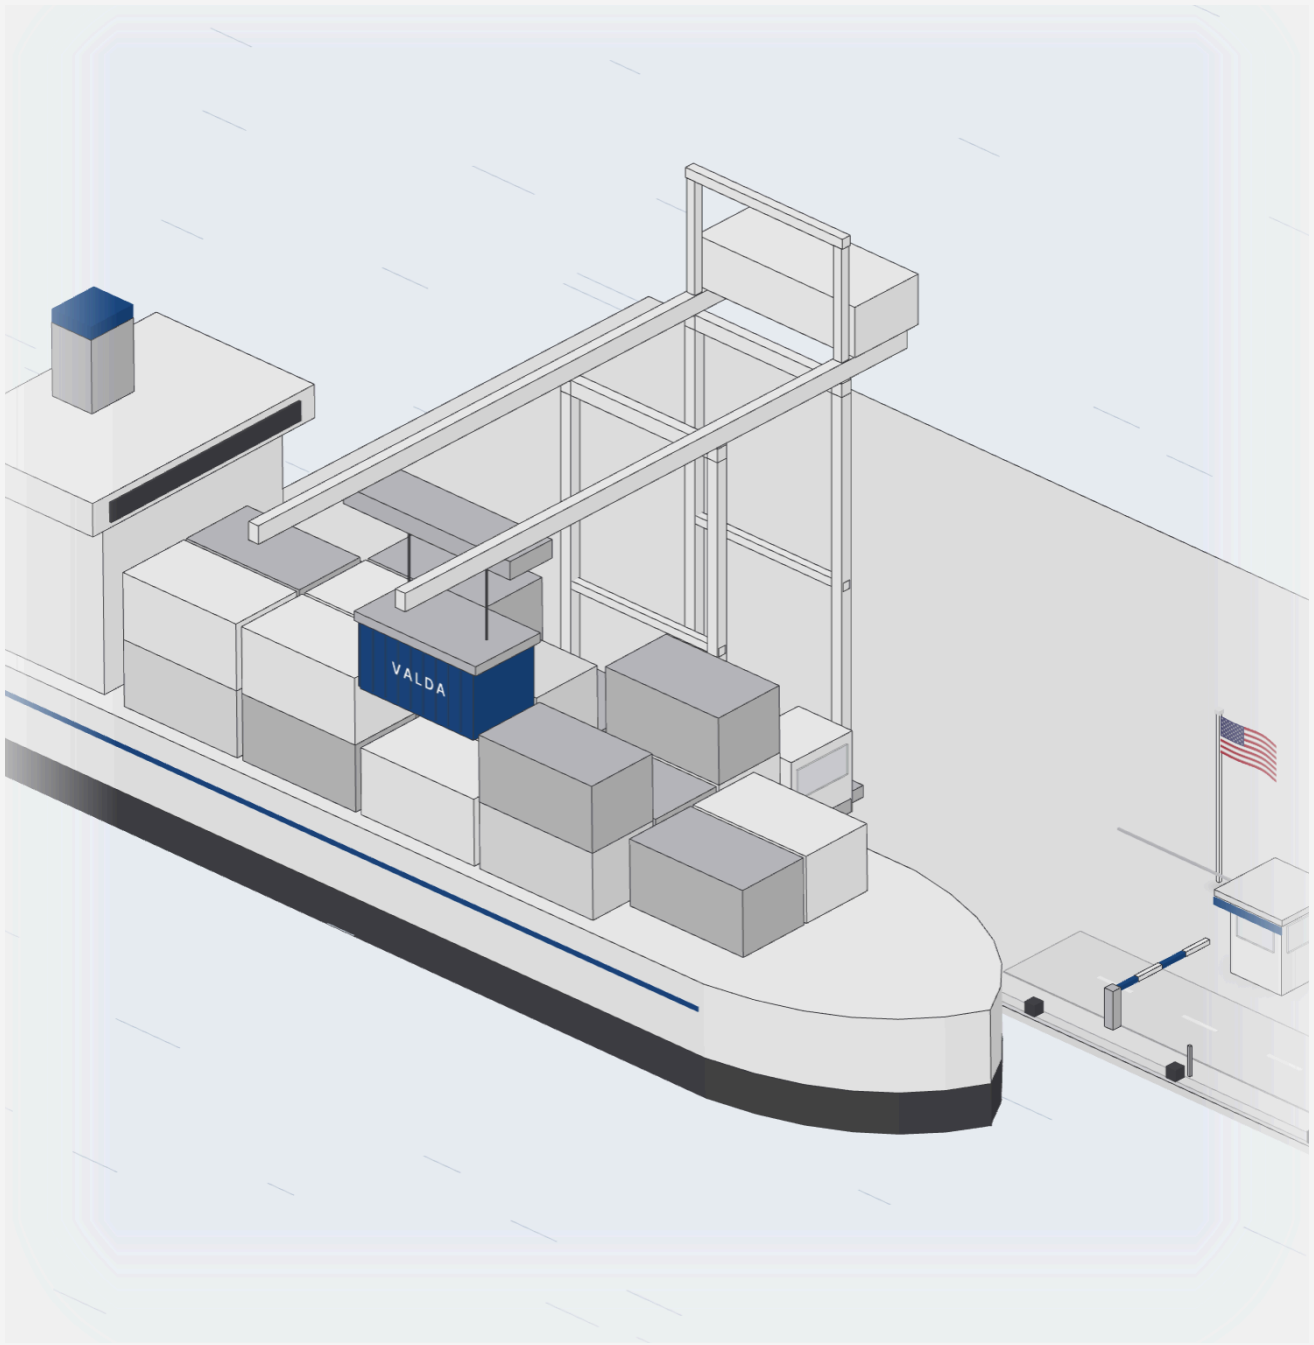

Made in our own two factories in Sofia and Veliko Tarnovo.

Sofia, Bulgaria

Packed and loaded

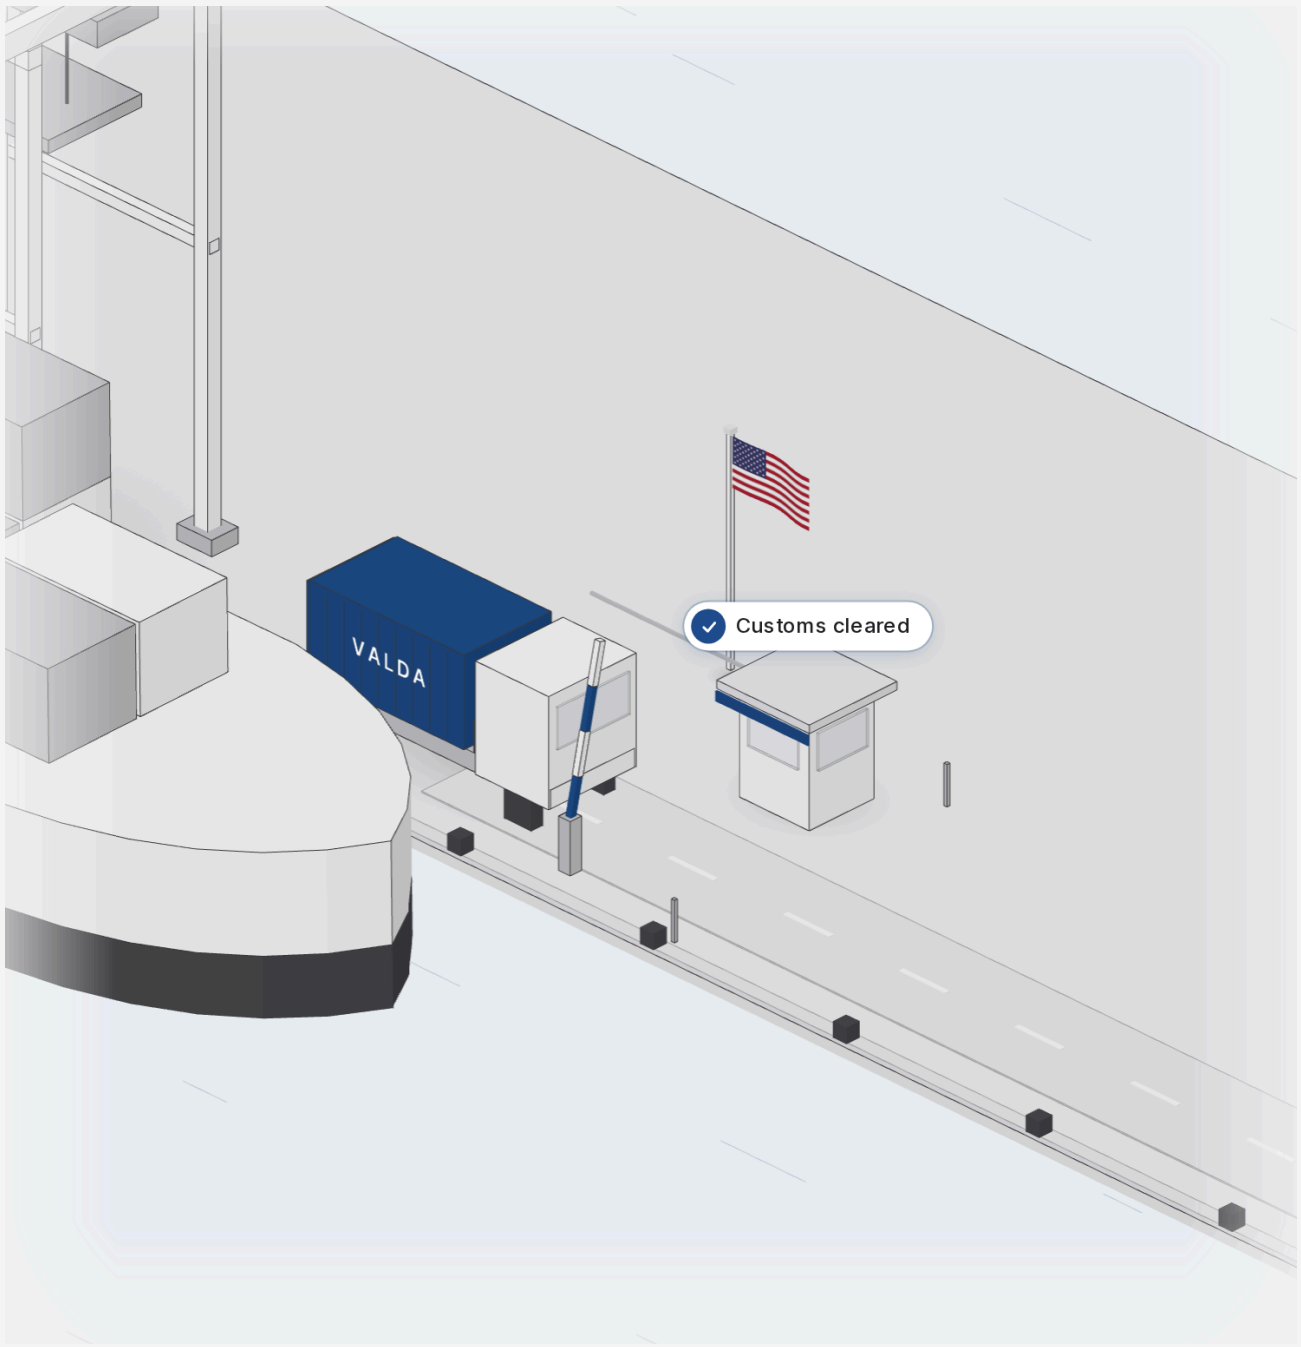

Every order is packed for the crossing and loaded onto a truck to the port.

Atlantic crossing

Shipped to the USA

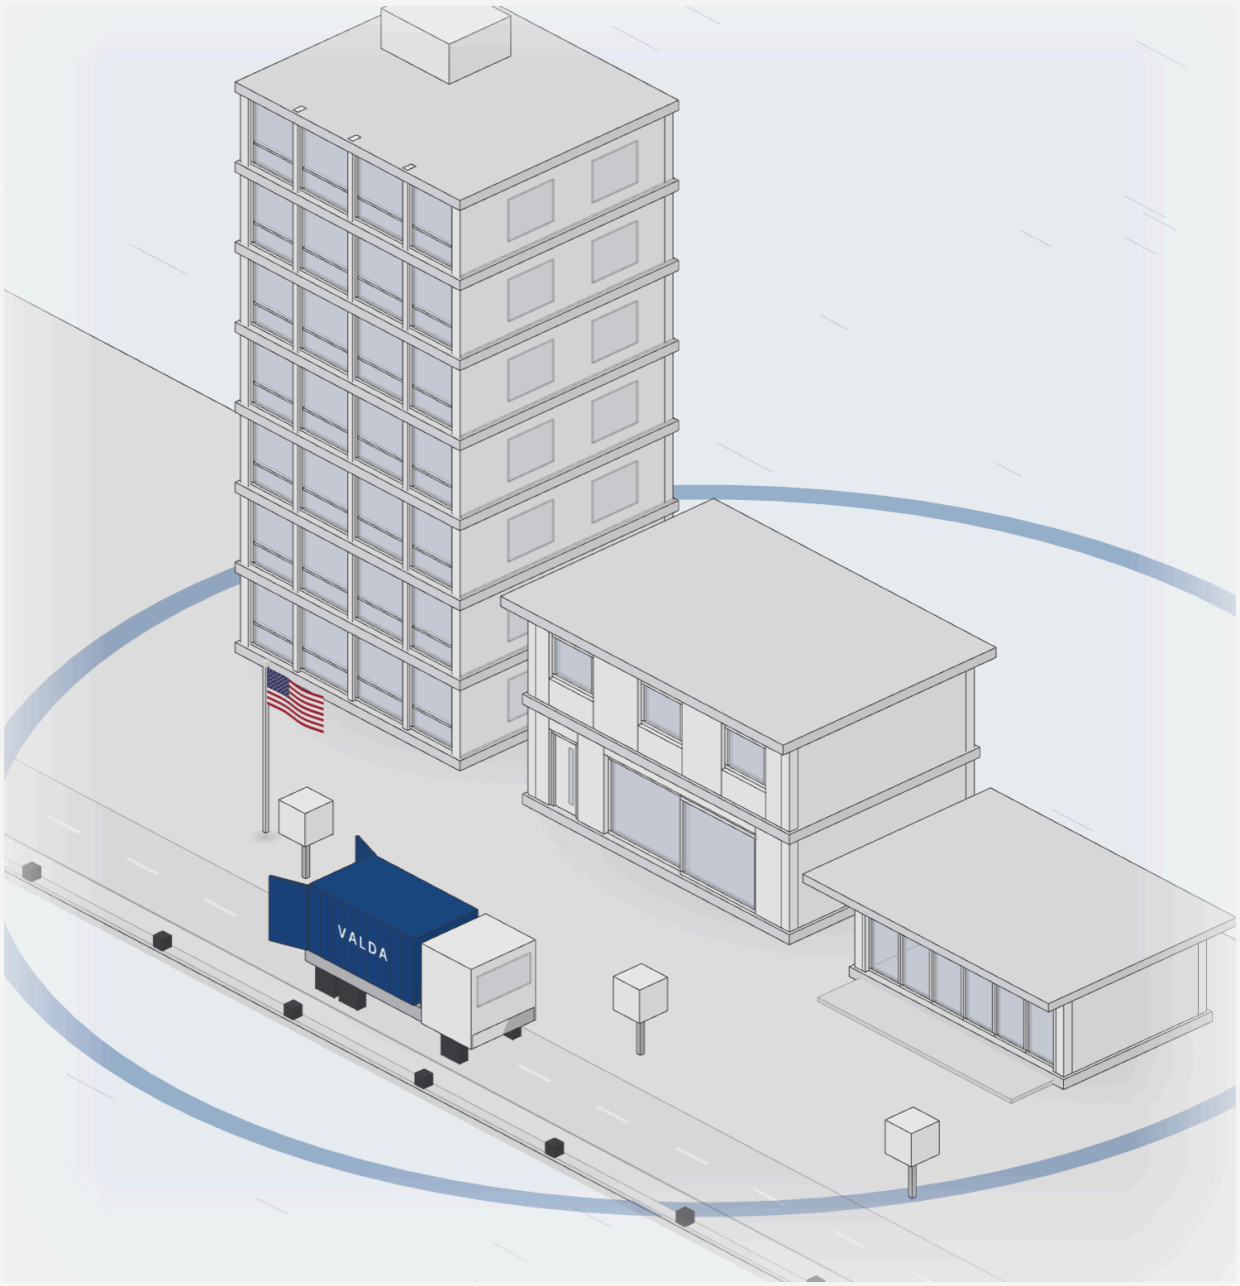

The container crosses the Atlantic, with full export documentation.

US port

Customs cleared

We handle US customs clearance for you, so nothing waits at the port.

Your site, USA

On your site, installed

Trucked from the port to your site, coast to coast. One point of contact from the factory to the final window.

Factory direct

One team, factory to final window.

No distributors in between. We make it, ship it, clear it and deliver it.
