From a garage to two factories.

Family-owned window and door makers since 1998.

1998

Two founders, one garage, one machine.

Every window made by hand. The same family runs VALDA today, with no outside investors.

Made in-house

Everything under our roof.

/01 Aluminum and PVC windows and doors.

/02 Our own glazing and coating line.

/03 Packed and shipped factory direct.

VALDA

Hello, USA

Made in Europe, delivered to your site.

One company from the first drawing to the final delivery, and one point of contact.

Starting a project? Tell us about it in the comments.
